WORK EXPERIENCE

Intership 06/2024 - 07/2024	**The Startup Centre** (Sales and Restock Manager) Developed a Monthly Sales Report Generator using Python
Intership 06/2025 - 08/2025	**Eduversity** (UI/UX Designer) Involved in designing 5 app using Figma
Intership 06/2025 - Present	**Skillmate Tech Solution LLP** (DevOps Engineer) Created and hosted mail server and web page on Ubuntu

PROJECTS

Potato Leaf Disease Prediction
- Uses image processing and machine learning to identify and classify diseases affecting potato plants
- Developed using Python libraries scikit-learn and Tensorflow

Monthly Sales Report Generator
- Generates a monthly sales report simulating random weekly sales for each product listed in file
- Developed using Python

Website Interface Designs
- Developed five different apps' interface using Figma
- Designed e-commerce, education, entertainment, food delivery, job search and recruitment platforms

SKILLS

LANGUAGE   Python   Java   MySQL   HTML   CSS

TOOLS   Figma   VS Code   Jupyter Notebook   Canva   Ubuntu

LIBRARIES   NumPy   Pandas   Matplotlib   Seaborn   Scikit-learn   Tensorflow

CERTIFICATIONS

- Python for Data Science, NPTEL - Aug 2024
- Data Mining, NPTEL - March 2025
- Introduction to Robotic Process Automation, infosys Springboard - Oct 2023
- Introduction to Artificial Intelligence, infosys Springboard - March 2024
- Introduction to Machine Learning, infosys Springboard - September 2024
- Introduction to Deep Learning, infosys Springboard - March 2025
- Linked Lists, CodeChef - July 2024

ACHIEVEMENTS

- Secured 4th position in Block-a-thon conducted at Thiran '25
- Participated as a NSS volunteer in free medical camps
- Co-ordinated an event "Mystery Twist" at AIZEN '24
- Helped conduct AI Bootcamp at my college

EDUCATION

B. Tech (AI & DS) 2022 - Present	**St. Joseph's Institute of Technology** 7.97 CGPA (as of six semesters)
Schooling	**Rosy Mary Matric Higher Secondary School**
